## ABOUT AcSIR

*Academy of Scientific and Innovative Research (AcSIR)*, established by an Act of Parliament (AcSIR Act 2011), is an "Institution of National Importance" under Govt. of India. AcSIR operates as an institute of higher education in a "Hub and Spokes model", with its headquarters at CSIR-HRDC campus, Ghaziabad and about 40 academic centers (mainly CSIR national institutes) spanned over 20 cities in India. Currently, AcSIR has about 4500 Ph.D. students on its rolls in Science and Engineering, and focuses on interdisciplinary doctoral research (<http://acsir.res.in>).

## ABOUT NEIST

CSIR-NEIST, a premier R&D institute of the CSIR, was established in the year 1961 to specifically address the need of the North Eastern Region. The charter of the institute has been aimed at (i) effective use of the immense material resources of the NE region of India and to provide R&D inputs for developing the economy of the region and country as a whole (ii) herbal formulation from the medicinal and aromatic plants by exploring plant resources available in NE region (iii) creating a sustainable environment by taking a proactive role in environmental care (iv) addressing biological, chemical, biodiversity and health care issues using advanced machine learning and Big data analytics (v) encouraging people in developing knowledge for empowerment through various training programs and workshops. The institute is located near the mighty Brahmaputra in the knowledge city of Assam, Jorhat. The winter weather of the campus is cool with an average temperature of 15 °C.
